Pulxon

Services and prices

Our core work is making existing sites accessible: a person audits your site against WCAG 2.2 and our team fixes what we find by hand, or rebuilds what cannot be fixed. We also build new sites, run search and ads, and automate the rest. Packages have fixed prices; for everything else we reply within one business day with a price and a date.

Free tools and entry points

How most customers start: a free check of five pages with a call, and the widget installed by us.

Service	Price	What is included
Free check 5 pages, within 2 business days	Free	• An automated scan of 5 pages plus a 20-minute call on what the findings mean • Capped at 5 pages and one call per site
Widget installation Within 2 business days of receiving site access	Free	• We add the widget and set its colors, position and features • One site per customer, on WordPress, Shopify, Webflow, Squarespace, Wix or plain HTML • It adjusts the page for the visitor. It does not repair what is broken underneath, and no widget can.

Audits, fixes and bundles

Our core work: a person tests your site with a keyboard and screen readers, and our team fixes what we find by hand.

Service	Price	What is included
Audit Essentials Up to 10 templates · report in 10 business days	$750	• Manual testing against WCAG 2.2 AA with a keyboard and screen readers • Every issue with where it is, who it affects and how to fix it
Audit Standard Up to 25 templates or flows · report in 15 business days	$1,900	• Everything in Essentials, for larger sites and checkout or sign-up flows • One retest of your fixes within 60 calendar days
Audit Complex Over 25 templates, several brands, logged-in areas	Quote	• Scoped from the free check, priced in writing before we start
Fixes up to 10 templates After a Pulxon audit of the same site · up to 15 hours	$1,800	• We fix the audit findings by hand in your code, theme or CMS • Covers up to 15 hours of work on the platforms listed under the widget • Further hours at $120 each, agreed in writing first. Custom-built applications are quoted.
Fixes up to 25 templates After a Pulxon audit of the same site · up to 35 hours	$3,900	• The same work at the Standard audit scope • Covers up to 35 hours; further hours at $120 each, agreed in writing first

Prices in US dollars. "From" prices and quotes are confirmed within one business day after a short brief. Ad budgets are paid separately. No audit or fix can promise legal compliance; we audit against WCAG 2.2 and fix what we find. Pulxon is a trade name of Voxgard Inc.

Price list as of 2026-11-23

Audit, fixes and retest, up to 10 templates The recommended purchase · saves $250	**$2,300**	• Find it, fix it, check it again, in one payment • The same 15-hour limit on the fixes
Audit, fixes and retest, up to 25 templates Up to 25 templates or flows · saves $600	**$5,200**	• The same, at the Standard scope, with the 35-hour limit on the fixes
Overlay removal and review For sites running a third-party overlay	**$300**	• We take the overlay off and report what the site does without it • Credited in full against a fix package bought within 30 days

Ongoing care and documents

Keeping a fixed site accessible month by month, and the documents buyers and attorneys ask for.

Service	Price	What is included
Accessibility Care For sites we have fixed	**$250 per month**	• A monthly automated scan of the whole site, report by email • One hour of fixes a month and a manual check of 3 key flows each quarter • Unused hours do not carry over
Accessibility Care Plus For stores and larger sites	**$600 per month**	• A weekly scan, a monthly manual spot-check, four hours of fixes a month • A short written testing update each quarter for your records
VPAT 2.5 with an audit Bought together with an audit	**$900**	• The ITI VPAT 2.5 template, filled in from real testing • Covers WCAG 2.2, Section 508 and EN 301 549
VPAT 2.5 on its own Includes the testing needed to fill it in	**$2,200**	• For one product of up to 25 templates. Larger products are quoted.
PDF remediation, standard page Minimum 10 pages · 3 to 7 business days	**$9 per page**	• Tags, reading order, alternative text and form fields • Checked with PAC against PDF/UA and with a screen reader
PDF remediation, complex page Tables, forms, charts	**$35 per page**	• The same work on pages with data tables, fillable forms or charts • Scanned originals are quoted. Rush turnaround adds 50%.
Demand letter technical pack 2 business days from receiving the letter and site access	**$890**	• A technical review of every barrier the letter names, with evidence and a fix plan • Ordered by, or delivered to, your attorney wherever possible • Not legal advice. We do not advise on how to answer the letter.

Websites and stores

Built by us, accessible from the start and checked before launch. Turnaround counts from the day we have your content.

Service	Price	What is included
